Class History

Most of us remember freshman year to be nerve racking and full of excitement. We were eager to finally be in the high school. We had to step out of our comfort zones as we took the next step in the process of growing up. The high school was big and intimidating to us freshmen. On our first day of school we walked around with maps to find our way around and were asked if we wanted to buy elevator passes to get up to the pool. Our freshman year was the last year the marching band and sports teams played on Harmon A as a grass field. Our first year at pep rally we were quiet as we were astonished by the other grades enthusiasm and their school spirit. The next day at the Thanksgiving Game, they football team won and we stormed the field. Freshman year we elected Emily Oliver as our Class President, Jared Durocher as our Vice President, Nina Cipriani as our Secretary, and Meghan Haines as our Treasure. As freshman year ended we were excited to leave the the freshman jokes behind us and continue on with our high school journey.

Sophomore year we still came in a little nervous, afraid that we would get lost because we still haven't mastered the school campus. This year at Pep Rally we were louder and more energetic than our freshman year, we could recite the school song (somewhat), but it was an improvement and that's all that matters. Sophomore year the football team pounded the pups 40-28 at the Thanksgiving Game. Sophomore year was a big year for the sports teams girls' soccer, boys' basketball, and girls' tennis made it to the Western Mass Quarter finals. We also had boys' soccer, girls' lacrosse, softball and field hockey make it to the Western Mass Semi finals. Girls' gymnastics as well as girls' and boys' volleyball made it to the Western Mass Finals. Our fan section was always supporting these teams leading us to win the MIAA Battle of the Fans. Sophomore year was also filled with new challenges and adventures, many of us got our permits and MCAS really counted for us. Sophomore year Kalea Alvarez was our class President, Rawan Ebrahim was our Vice President, Taylor DeGeorge was our class Secretary, and Meghan Haines was our class Treasurer. By the end of the year we were excited to become an upperclassman the following year.

Breaking into upperclassmen status, junior year was a completely new journey for all of us. The role of an upperclassmen showed to be full of opportunities such as the ability to take more electives and AP classes, yet riddled with the stress of hurdles such as SAT's, ACT's, and for some, AP tests. For the first time, college and other future plans were no longer so far into the future, and we started taking on the responsibility of planning for that not-so-distant future. This was the year many of us started scheduling college tours, going to college fairs, and maybe even job shadowing. The best way to describe junior year is the year of glimpsing out of the nest for the first time, not just academically, but in all aspects of our lives. For many of us, this was the year of getting our licenses and learning independence on the road. We were learning what it's like to have a job, and on a deeper level, what it means to be in the workforce. This year our Class President was Mia DePalma, Gwendolyn Payne was our Vice President, Taylor DeGeorge was our Class Secretary and Meghan Haines was our Class Treasurer. Reflecting back on the crazy ride that junior year was, it is easy to see just how important of a year it was for growth and independence.

At last, our first day of senior year beginning with a half day was a perfect way to start off the year. As we graduate this year we leave our marks on Agawam High. The beginning of senior year was more stressful than some of us thought it would be as we began the process to start applying to the colleges we wanted to attend. Our Class Officers Mia DePalma as President, Gwendolyn Payne as Vice President, Taylor DeGeorge as Secretary, and Meghan Haines as the Class Treasurer provided our class with fun activities and leadership to get us through the school year. We were all excited for Pep Rally this year as it was our last one ever. The Class of 2019 started the day off with a big win at the PowderPuff Game. This year was our best year as we screamed during the school song and brought a lot of school spirit as we ran into the gymnasium. Our graduating class was the first to have two spirit weeks this year. As seniors we have been lucky enough to take part of the NEASC study meaning more half days. Throughout the years we have grown so much and its bliss to see we have finally reached the goals we have been excited to accomplish. June 9, 2019 is a day that we will never forget. Being able to walk across the stage in front of our friends and family was an amazing feeling! As we are ready to begin our new journeys with college, work, and serving our country in the military we will never forget the memories of our four years at AHS. Congrats, Class of 2019!

Growing up can be bit of a drag...so instead let's celebrate our youth and party like it's past our 8 p.m. bedtime! Class of 2019's Kid Party was full of fun and nostalgia. The seniors this year dressed up into some iconic characters of our post-millennial childhood and partied like there were no adults around. We had a variety of celebrities' appearances there! Stretching from Cruela De 'Ville, Ariel from the Little Mermaid, Pucca, Alvin and the Chipmunks, Thomas the Train, and many more! The DJ was whipping out some classic songs of our playground days and Mr. Trahan was laying out some fun games like limbo, musical chairs, and the classic donut eating contests. We pigged out on lots of candy and pizza, washing it down with a mountain ton of lemonade and iced tea. The Class of 2019 seniors would like to thank everyone who was involved in making this night one to remember, and letting our carefree kid out for the night.

Good Luck!

class of 2020

This year we finally became upperclassmen. Junior year is said to be the most important year spent at Agawam High School, it definitely was a tough one! This was the year we were able to make a mark and begin to look into what will happen in the years after high school. We sponsored the very first Winter Formal held at the high school open to all grades. We loaded up our schedules with AP and Honors classes and joined as many clubs as we could to get ready for college applications and NHS. We are almost there, one more year to go!

class of 2021

Walking through the halls of Agawam High was much easier this year because we had become more comfortable and confident than we were last year. At this year's Pep Rally we brought in so much more energy and spirit that it could carry us through into our Junior year! We also sponsored the Winter Formal with the Freshmen class of 2020. It was a great time for all of the grades who attended, being able to dance with all the beautiful winter decorations that were set up. The Math and English MCAS was very important this year, for it being one of our predictions if we will graduate from school. But at least next year we don't need to come to school during MCAS because we finished it this year! The year 2018-2019 was full of excitement as many of us got our permits and learned to drive. We are excited to continue our paths in life as we become upperclassmen next year.

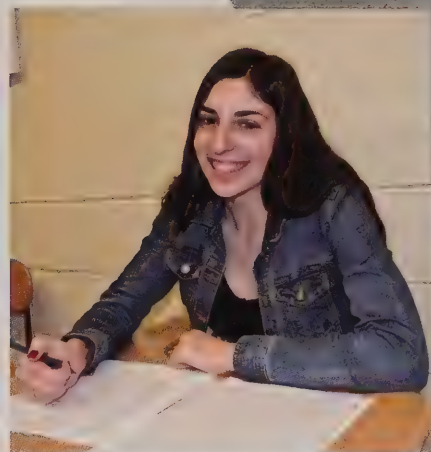

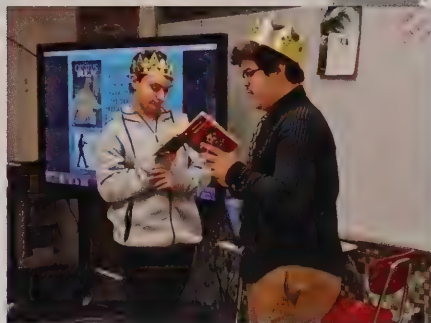

We're halfway there!

class of 2022

Making the transition from junior high to the high school was a big and difficult leap. The academics, sports, clubs, and performing arts all have much more higher expectations than they did before. This year was the beginning of a new journey, as we begin to learn how we want to make our marks in the world. We have created many new memories and friendships this year that will hopefully stay with us till we graduate high school! The first day jitters are now officially out of our system. We might have learned how to navigate around the school by now but we still have the biggest backpacks compared to everyone else in school. Now we can now say goodbye to being called a "freshman" and enter another new school year as experienced high schoolers.

KNOWLEDGE

There are no better people in Agawam High School than the faculty and staff. They are the foundation that helps us become the people that we want to be when we graduate and begin our lives. The Agawam High Staff put in countless amount of hours to ensure that we are getting the education that we need to succeed. Whether it is coming to school early to prepare for the lessons that they will be teaching that day or staying after school with us to give the extra help that we may need, you can always count on the teachers of AHS. The Classes of 2019, 2020, 2021, and 2022 would like to thank all of you for everything that you do and everything that you will continue to do to help us before we leave.

Honoring Our Retirees!

Mrs. Joan Couture

Mrs. Couture has been working in the administrative assistant field for 22 years with 6 of those years spent here with us at Agawam High School. She also worked at Phelps Elementary School and Hamilton Sundstrand. One of Mrs. Couture's highlights from working at AHS was the opportunity to see what the world was like from a student and teacher's perspective. The biggest change she has witnessed over the years are the safety issues facing the students and staff. When asked what she will miss, Mrs. Couture responded, the fast pace of working in the office, all the people, students, and staff, but she will not miss waking up at 5 o'clock in the morning. During her retirement, she will be doing whatever she wants to do!

"Thanks for having me!" ~ Mrs. Joan Couture

Mrs. Pamela Vallon-Jackson

Mrs. Vallon-Jackson entered the education profession 31 years ago because it felt natural to her since she comes from a family of teachers. Other than working at Agawam High School as an English teacher and Drama Director for 20 years, she also spent 11 years teaching at Springfield High. While at Agawam High, one of the biggest changes she has witnessed is the change in safety precautions needed in schools. Mrs. VJ's most memorable highlight of her career was developing the theater program, which is one of her deepest passions. During retirement she hopes to still be apart of the drama program at Agawam by volunteering her time to help the Drama Club. She will miss all of her students and receiving the latest pop culture news from them.

"Make the best of your four years in school, time flies by."

~ Mrs. Pamela Vallon-Jackson

Mr. Dean Vecchiarelli

Mr. Vecchiarelli became a teacher 34 years ago because he enjoyed teaching and wanted to coach. He has been working at Agawam High School for the past 33 years and worked one year at Westfield Vocational High School. While at Agawam High School he enjoyed coaching the football team for many years. During his years at AHS, he witnessed how the changes in family structures have effected public education. After retiring, the thing that Mr. Vecchiarelli will miss the most are the relationships that he has created with the children he has taught or come to know while working at Agawam High School. During his retirement, he plans to play golf, take care of his lawn and hang out with his family, friends, especially his two dogs, Ellie and Huck.

"Keep grinding." ~ Vecc

Thank You for Making Your Mark at Agawam High!

TEACHERS HELPING US MAKE OUR MARK...

Must be a sturdy bridge if Mr. Balbony can balance on it!

Nothing better than the PE teachers teaming up to coordinate their Halloween costumes.

Mr. Benkert introducing the traditional pie-in-the-face event at the Pep Rally!

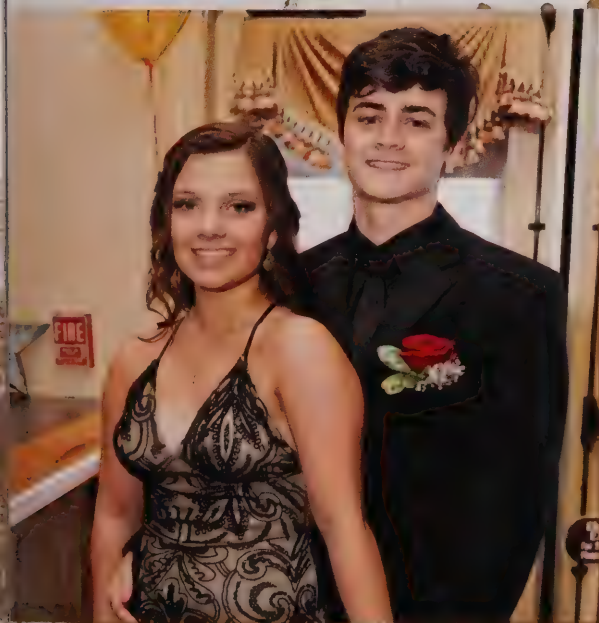

special is [OUR] WAY

Throughout the year all students receive a chance to participate in or attend some very special events. Agawam High School danced the night away at the Log Cabin for the 2018 Prom. The theme, the Beauty and the Beast, was a beautiful touch to finish off the perfect night. The spring and winter play was jaw dropping as students portrayed the love of a prince in the spring, and the classic Christmas Carol in the winter. Another great event that took place in the winter was the Winter Arts Festival, where many students displayed their artwork and performed their songs. Many more events took place in the fall including spirit week, where the majority of students and teachers took part in dressing for a new theme each day. Next was Agawam's famous Pep Rally that included students screaming the school song and coming together in school spirit right after they watched the junior and senior girls go head to head in the PowderPuff game, where the seniors kept their winning streak alive. Lastly was the football team's last game to end a very inspiring season on a chilly morning as they played their rival team in the traditional Thanksgiving Day game. All events made their special mark this year at AHS.

In a far off cabin in France, you were our guest on Friday April 27, 2018 for the annual Junior/Senior prom. Our theme, Beauty and the Beast was the perfect mix of elegance and romance with a touch of magic. The enchanted red rose in the glass centerpiece made up for the gloomy weather. The night was filled with lots of dancing and the food was a culinary cabaret! The dessert table is always a favorite, as we have seen an assortment of chocolates. Prom is one of the most memorable moments during high school. It is a special time to spend together with friends and dressing up to look our best. These are the moments that will be in our memories forever! Thank you to the Prom Committee and Mr. Trahan for making this an unforgettable night!

Loved the theme prom was put together well.

SPIRIT WEEK!

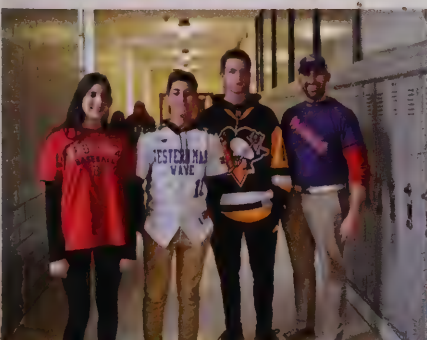

Twin Day is always a favorite day among the students and why not have triplets too!

The students of AHS getting in the spirit with flannels for Flannel Friday.

The Agawam High School's annual Spirit Week was another wonderful success with many days of fun outfits and great memories. Spirit Week is an amazing way to lead our school into Pep Rally and our much needed Thanksgiving break. The week started off with Sports Team Day, where everyone was encouraged to wear the merchandise of their most beloved sports teams. Twin Day was the next day, which is always everyone's favorite to be a part of. We had twins, triplets and even quadruplets; the day ended with the anticipated twin day parade. A new day that was added in was Tourist and Hawaiian Day, where students dressed as if they were going to explore islands in their Hawaiian shirts and fanny packs with even a walking pineapple amongst our halls. That week ended with Flannel Friday with students and teachers wearing their most comfy flannels. After the weekend, we started up Monday with 'Merica Monday, all wore red, white, and blue to show off their pride of being an American! Finally Spirit Week concluded with Color Wars between all the grades, the freshmen all came into school wearing yellow, the sophomores in green, and the juniors in white, while the seniors were wearing their traditional black.

Everyone loves supporting their favorite sports teams on our Sports Day!

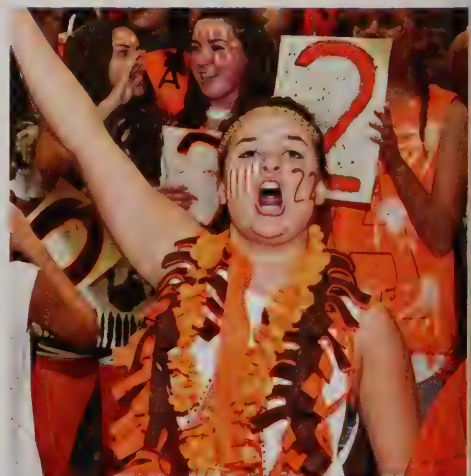

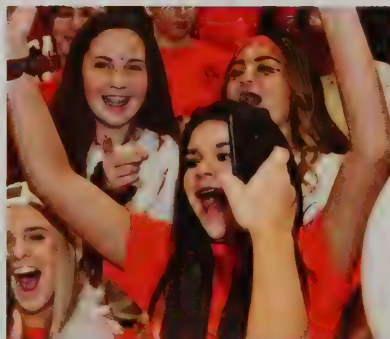

Agawam High School Pep Rally is a day that students will always remember, especially seniors. A day for all students to come together representing our school colors and spirit, joining together to be as loud as can be. This year the annual rally kicked off with the performances by the marching band, color guard, and cheerleaders which swept the whole room off their feet as everyone began to dance together, followed by junior Cedric Davis shoving a pie into Mr. Schnepf's face filling the whole room with laughter. The cheering then turned into each class taking their turn in singing the school song as loud and best as they could. As the seniors began to sing, senior Derek Davis, dressed in Westside's blue came at the seniors with punches. But Agawam's seniors persevered and took down the fake terrier, just as we hope the Thanksgiving day game the following day would go. Before the rally ends all the feuds are put aside and every class floods the whole gym to join together to sing the school song one last time. Lastly a big congrats to all the sports team who were recognized for their achievements!

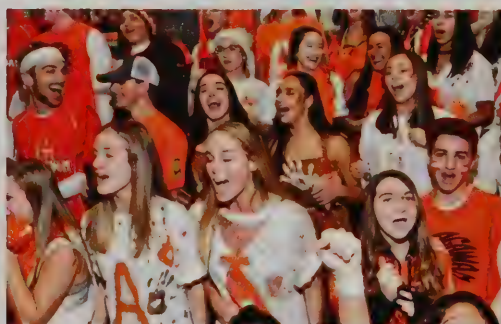

We did the best, sad
we're half way done.
- Delaney Brown

"Sad they took away our
confetti cannons but glad it
happened."
- Sam Landry

"I loved the
enthusiasm
from everyone!
it was dope to
be a part of it."
- Mike

PEP RALLY!

"I am always amazed by the intense school spirit that is displayed every year."
- Mr. Schnepf

"Pep Rally was such a fun experience, I can't wait until it's our class' senior year."
- Ashlyn Thomas

POWDERPUFF GAME!

My pants got tipped open but overall total experience.
- Madison O'Connell

"I thought powderpuff was a really cool experience although it was cold out it was still fun." - Payton Lemke

I loved playing with my friends and beating up Brooke Szafran
- Nina Cipriani

The day before Agawam's annual Thanksgiving Day football game was the competition of the Junior and Senior classes in the Powderpuff Game. It was a chilly morning but the Seniors still came out ready to take down the Junior class.

Natalie Pullen was the Senior's quarterback with an intense throw that led the senior class in victory over the Juniors 99-7. Emily Oliver, Izzy Liquori, and Taylor DeGeorge combined as the running backs to score touchdowns for the Class of 2019. Joe Dowd made a surprise entrance as he ran the ball up the field to score a touchdown, as Tommy Caracciolo attempted to tackle him to stop his run, Joe was still able to score for the seniors. Many students came out to the fan section to support the Classes of 2020 and 2019 in their competition.

THANKSGIVING DAY GAME!

Our football and cheerleading captains ready to eat at the annual Rotary Club luncheon.

It was a cold one but Coach DeMatteo was still wearing shorts
- Joe Dowd

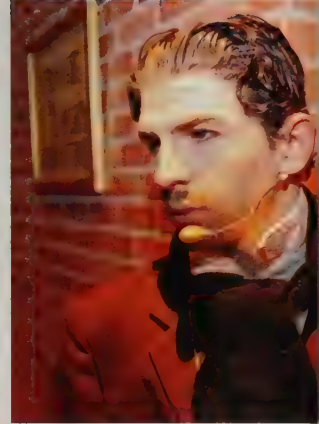

Senior Jared Durocher catches the ball to make the first touchdown of Thanksgiving.

Nothing brings the Agawam community more into the spirit of giving and thanks than the one and only rivalry football game between Agawam and West Springfield. With all of our spirit riled up after our school pep rally, the football players, the fans, and the cheerleaders bundled up this year as we hit a record low of 17 degrees for this Thanksgiving. Despite the cold, the tradition continued with reunions and excitement. Although Agawam didn't bring home a win, the Brownie spirit still pushed through as each player, fan, and cheerleader ended the game with a smile on their face.

A CHRISTMAS CAROL!

Jacob Marley is ready to warn Scrooge of his impending fate.

Let us go back in time. It is the 1800s in the city of London, Christmas day is right around the corner, and everywhere is full of joy and cheer. Yet, you hear from the corner of the street a voice say "bah humbug," and that person is no other than Mr. Ebenezer Scrooge. Scrooge is a greedy and grumpy old man, alone in the world in which he lives in. He has an assistant named Robert Cratchit, a man with a heart of gold, who lives with the most loving family. On the day of Christmas Eve, Scrooge's nephew, Fred, pleads with him to celebrate Christmas at his home yet due to Scrooge's loathness to Christmas, he rejects the invitation. Do to Scrooge's negative Christmas spirit, three spirits comes to visit him. They were the spirits of Christmas past, present, and future. With these visits over the night, Scrooge learned the bright and the beautiful spirit of Christmas!

The Drama Club performed their first winter performance of the Christmas Carol on December 5 and 6! They worked together to perform a difficult play, all in a British accent. These group of thespians stayed for long hours and ordered a lot of food to carry their energy through rehearsals. This play was heavy with a large underclassmen representation, creating new bonds and relationships for the Drama Club. The seniors of the play are saddened that soon they have to leave and this is one of the last plays they have at AHS, but many relationships were made and for that all of them are very grateful. The Drama Club wants to take time to dedicate the hard and wonderful work of the director Mrs. Vallon-Jackson. For this is the last Fall/Winter play Mrs. VJ will be directing as she will be retiring at the end of the school year. The students of the Drama Club want to give her lots of love and many thanks for the hard work and dedication she puts in these productions.

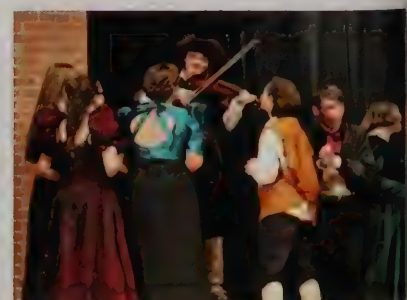

We love you VJ, and we will miss you so much!

— Drama Club 2018 & 2019

WINTER ARTS FESTIVAL!

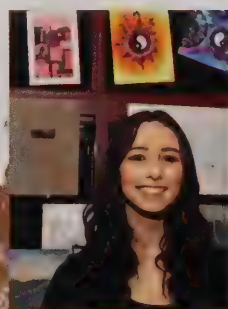

The festival shows how hard art and chorus students work every year.
— Claudia Romeo

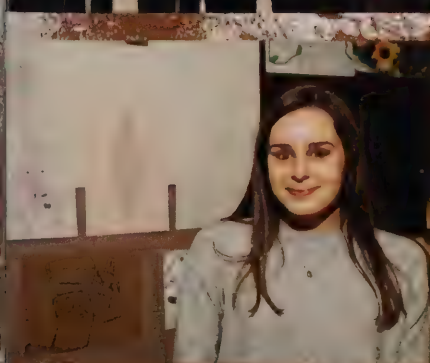

"The artwork was spectacular."
— Joseph Glaessner

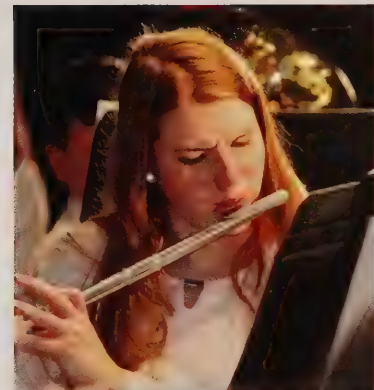

I loved seeing everyone's artwork on display.
— Amanda Thomas

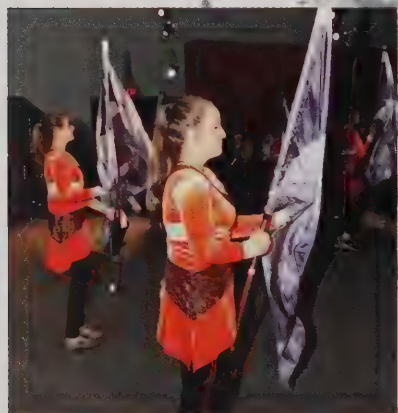

There's no better opportunity for artists to showcase their work than the Winter Arts Festival (or WAF for short). For one night only, art student of all kinds get to hang their drawings, mount their photography, and display their sculptures. Whether a student landed in a drawing and painting class by accident, or the student next to them is in their second year of the honors art class, this is an art show for everyone. Beyond the media arts in the cafeteria is another amazing exhibit: the performing arts. Each year, the chorus puts together an incredible concert in the auditorium filled with a variety of numbers and performed by a wide range of singers. A fun feature of WAF is the snacks and items created and sold by the art students. Whether you want a brownie or a creative travel cup, the students sell it all. Even better, all of the money goes to helping the visual and performing arts department of our school. It is a wonderful night of music and media.

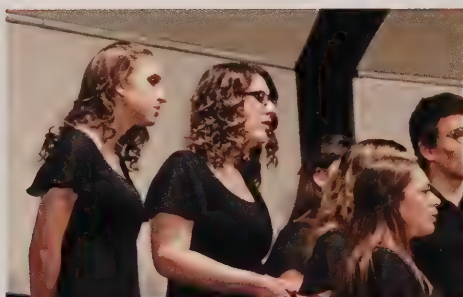

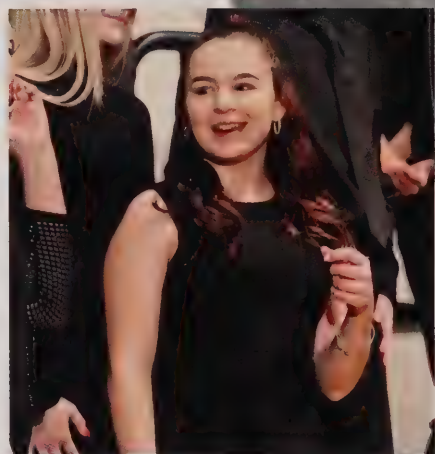

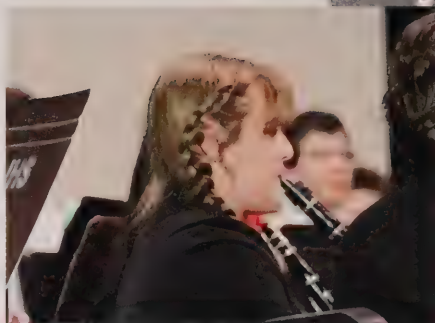

the world's [OUR] STAGE

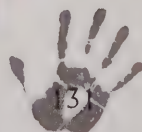

Another wonderful year has passed for everyone involved in the performing arts at AH51. These performers live and breathe to perform for an audience and does great doing so. These talented students practice as much as they can to prepare for this year's upcoming concerts, competitions, and football games. The Marching Mohawks kicked off the new school year with a wickedly ghoulish theme, with props made by this year's new props team, the Honors Chorus' Tonal Tenacity made the audience step into the great land of Ireland during their Winter Arts Festival concert, with many more other performances throughout the year. It is guaranteed that all performers gave a wonderful display of creativity, talent, and teamwork. The Performing Arts Department is full of students who are willing to work together through the beauty of performance and the love of music. These groups work together as a family in order to pull off amazing performances that wows any audience. Every year these students make each year more challenging and absolutely amazing.

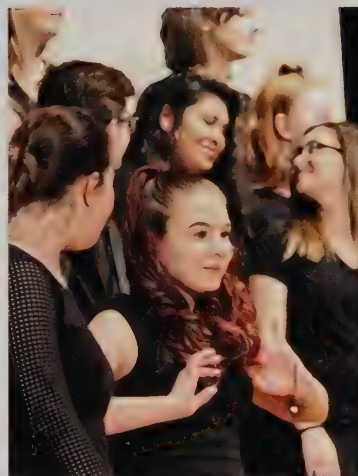

PERFORMING

CHORALE

Ethan Black passionately singing his heart out at the Winter Arts Festival concert!

The Chorale is a group of high schools students trying to find their passion in singing and their grasp in the choral world. This is a non-audition choral class, so anyone interested in singing is welcome to join! This year the chorale was full of enthusiastic students! They work with Ms. Funk to hone their musical talents to eventually audition for the Honors Chorus class, known as Tonal Tenacity, if they choose. The Chorale performs in many concerts over the course of the year! They sang songs such as "Do You Feel the Rhythm," "Rachel and Rueben," "Address the Moon," "Bonse Abba," and "This Town." They also performed alongside the Tonal Tenacity during the activity-period performance. This class is all about having good energy and having fun while learning music and feeling comfortable singing on stage. Chorale helps you get out of your comfort zone, and with the working talent of Ms. Funk, anyone can learn how to sing and have fun while doing it!

The two choruses join to form one uniformed sound!

Members: Ethan Black, Alison Burbank, David Clarke, Austin Cohen, Eric Collins, Emma Daunais, Brooke Deming, Victoria Felton, Virginia Futrell, Alexis Garrick, Greta Halford, Riley Hathorne, Jaden Jarrosak, Caitlin Johnson, Allison Kasperek, Charles Kehoe, Angelee Lombardo, Payten Melanson, Victoria Miller, Amanda Moquin, Kaeli Olson, Paige O'Neil, Summer O'Neil, Vanessa Shepardson, Rhannon Thiabeault, Asher-Wyatt Wright, Brian Wyckoff

Director: Ms. Sonja Funk

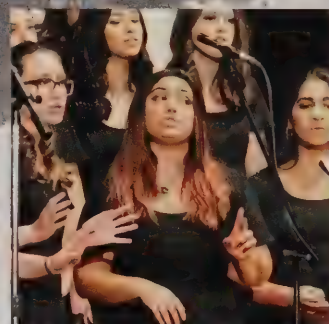

The Tonal Tenacity class is hard at work to prepare for the Winter Arts Festival concert.

TONAL TENACITY

Ms. Funk is whipping the class into shape to be concert ready!

Tonal Tenacity strutting their stuff in their Halloween costumes!

JAZZ BAND

Members: Reese Bourgeois, Nicholas Burbank, Aidan Chan, Nicole Depergola, Maxwell Felix, Cristina Ferraro, Jack Frogameni, Matthew Gorman, Julia Hall, Samuel Hodovanec, Joseph Jagodowski, Dan Kang, Anthony Krzykowski, Ryan MacDonald, Samuel Polley, Christian Rua, Joseph Russo, Olivia Salva, Emily Smidt, Matthew St Laurent, Rilee Tourville, Michael Winer, Gianna Yacovone

Director: Mr. William Hueglin

Gianna Yacovone and Emily Smidt bright eyed, smiling, and ready to perform!

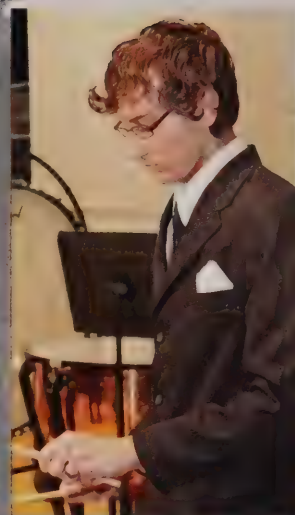

The Jazz Band trumpeteers are ready to serenade the audience with their silky smooth tones.

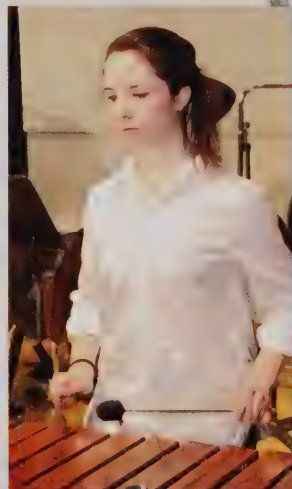

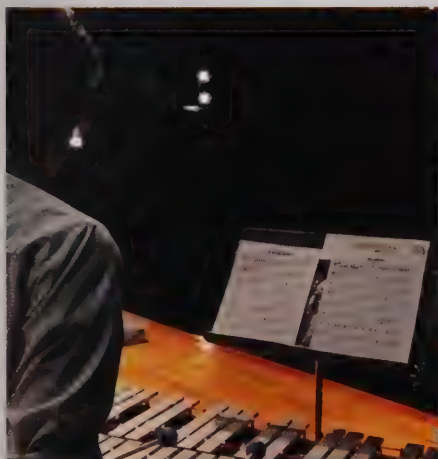

Another group in the AHS's Performance Arts family is the Jazz Band. This group of talented musicians will give you that sweet jazzy tune with the ultra smooth sounds they make with their instruments. This group of students are able to dive into a different realm of music and appreciate the soul you put into the craft of music. The group gathers together every Monday night to practice their groovy pieces. This year the Jazz Band played songs like "Limbo Jazz," "Caravan," and their own jazzy rendition of "Jingle Bells" for the Winter Pop's Concert. One of the members said that "Jazz music is an opportunity to play a style of music that is not typically in a concert setting," something that is new and interesting to the eye of the students. This Jazz Band challenges traditional concert music by giving the audience a little more groove to their ears. This is an audition-required band led by Mr. Hueglin, and together they unite as one to make music that is full of passion and soul.

PERCUSSION ENSEMBLE

Members: Jacob Baeder, Gabriel Botta, Jason Breton, Mariella Capalbo, Bradley Clarke, Thalia Diaz-Iacasse, Meadow Dion, Christopher Fontaine, Jack Frogameni, Julia Hall, Stephen Hall, Ethan Harnois, Dan Kang, Aidan Lawor, Alexander Marino, Shawn Newsome
Honors Ensemble

Director: Mr. William Hueglin

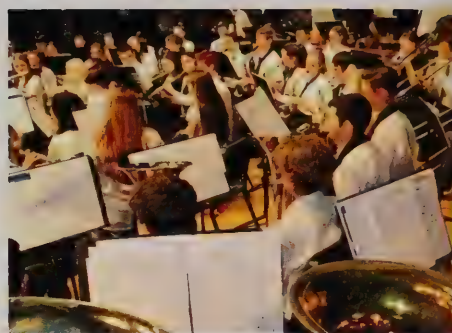

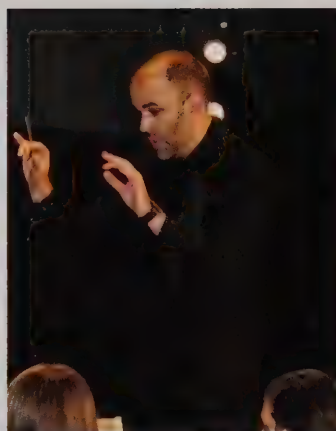

Stephen Hall is waiting for his cue to play.

The vibrations of the bass drums makes you move to the beat of the music, while you hear the light pings of the xylophone. These sounds and many other makes you tap to the beat of the Percussion Ensemble. The AHS Percussion Ensemble is filled with another group of rhythmically talented students who once again perform at the many Agawam High School concerts. The ensemble practices every day in the band room with their director Mr. Hueglin to get the perfect timing and rhythm. They fill the auditorium with different kinds of drums and chimes that will get you moving to the rhythm. They played amazing pieces this year, such as "Excalibur," "The Nutcracker," and many more! A smaller part of the Percussion Ensemble, known as the Honors Ensemble, is comprised of five students selected to play advanced scores of music, like the exciting piece called "Rudimental Ragtime Quintental" that they performed this year! The Percussion Ensemble is filled with purely percussionists and with Mr. Hueglin leading them they play songs that are always on time.

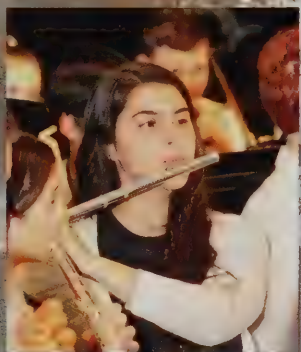

Julia Hall is laser focused to play the xylophone

SYMPHONY BAND

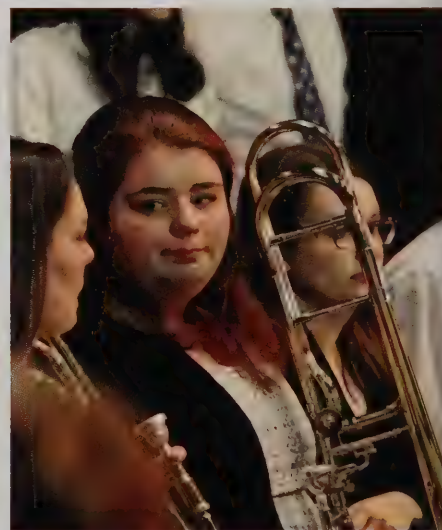

The students have their music propped and ready!

The signature band you can always rely on and see at any Agawam band concert is the Symphony Band! They are one of the largest bands at AHS along with the Wind Ensemble and Marching Band! This band is filled with many different students dedicated to the art of playing music. The Symphony Band works together to enhance their musical abilities by learning new and challenging pieces of music. This band plays in all school concerts. This year they have played wonderful songs like "Blue Ridge Reel," "Christmas Festival," "Avenger March," "American Riversong," and "Jinx." This spring they will also participate in the MICCA competition. The Symphony Band is a unit of students who think of each other as a family. These students come from all different talents and play together as one complete unit. "They get to learn and grow with one another in school that is not a typical classroom setting," according to Kayla Herlihy, a senior in the class.

The class is like a family! It is a place you can go and learn that's not a normal classroom.
-Kayla Herlihy

WIND ENSEMBLE

Wind Ensemble is a unit of musicians who concentrate to play as one. Similar to the Symphony Band, they work together to expand their musical abilities through playing new and challenging pieces of music. A lot of these students have been playing the same instruments since their time in middle school, and their dedication to their craft is absolutely remarkable. This year during their concerts they played songs like "Illumination," "Dashing through the Snow," "Emblem of Unity," "Unquiet Hours," "Courtly Airs and Dances." Every year the class participate in the MICCA competition and last spring took home Gold! The Wind Ensemble is full of committed students who work towards excellence every time they join as one to play music. Most of the students who are part of the Wind Ensemble have been playing their instruments for a long time. Some even playing since 5th Grade, that is almost 7 to 8 years of experience!

Thalia Diaz-Jacasse and the Marching Band 2018

Natalie Andrews leading the band to be on time and successful!

The highlight to any fall season and football game is the Marching Band, Color Guard, and Majorettes. Their powerful and entertaining sound is heard throughout the football fields and some neighborhood houses around the school. The members of the Agawam Marching Mohawks spend their summer at Band Camp, honing their crafts to prepare for the new fall season. They spend their time rehearsing and memorizing to prepare for the year's upcoming performances. This year's theme is a step into a haunted realm, full of songs that just make you boogie. The ghoulish theme was a huge hit with the amazing help of the new Props Team, making the football half-time performances ever so eye-catching. This year the band performed songs like "Monster Mash" by Bobby Pickett and "Superstition" by Stevie Wonder. The Marching Band can be seen performing at many of the football games, the Big E parade on Agawam day, the St. Patrick's Day parade on March 17 to name a few. This year at the MICCA competition the Marching Band was awarded Three Stars! Although we know the Marching Band is full of instrument playing "bandos," it would not be complete without the Color Guard and Majorettes. They help create an amazing performance with skills that will wow you off your seats! The Color Guard this year sported a ghostly look to match the ghoulish theme and even popped out of a small haunted house! Like the band, the Color Guard and Majorettes worked hard to improve their performances. They help the audience visualize the music in a physical way. Amaya Donald explained it best when she said, "The Color Guard is there to make sure even a deaf person can feel the music."

CLUBS

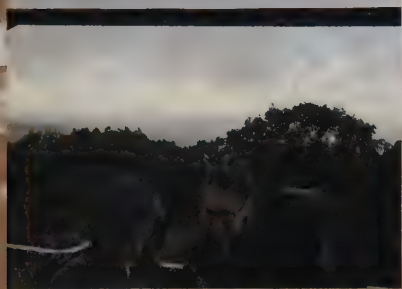

There is an incredibly wide variety of clubs here at Agawam High. Whether you're passionate about the environment, an avid chess player, or you're interested in tutoring your peers, there's a club for that. Many clubs meet on separate days, which gives students the chance to join as many as they desire to. Even if you're not sure about which ones peak your interest, exploring clubs gives you an opportunity to learn something new, form long-lasting friendships, and make your mark on our school in a fun and exciting way.

ADVENTURE CLUB

Still having plenty of fun in the rain!

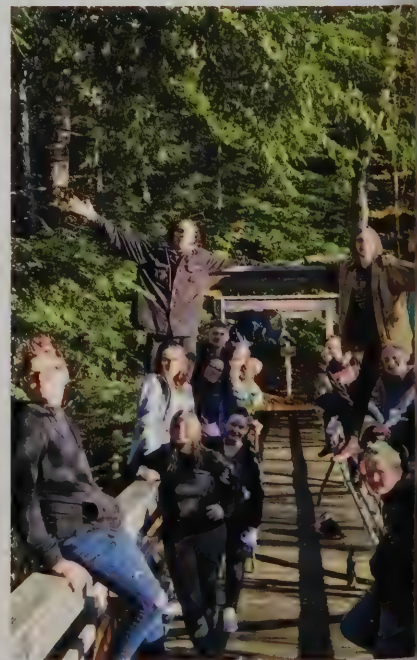

They all made it to the top all the while being soaked in the rain!

The Adventure Club is known for their bravery and sense for something a bit out of most people's comfort zones.

Many of the students who participate loves the opportunity to be able to go out and do something active while having the outlet to channel their energy into something memorable and fun! This year, they may have not gone on many adventures like the years before, but they still took a beautiful and dewy trip to Mount Tom in Holyoke, MA. This club offers students the opportunity to have a blast and get their adrenaline pumping a bit for the thrill of having a wonderful adventure. These trips are a great adventure for any student no matter what grade they are in!

The views hiking around are just absolutely mesmerizing!

ART CLUB

This club gives me an outlet for stress.
- Madi Cofer

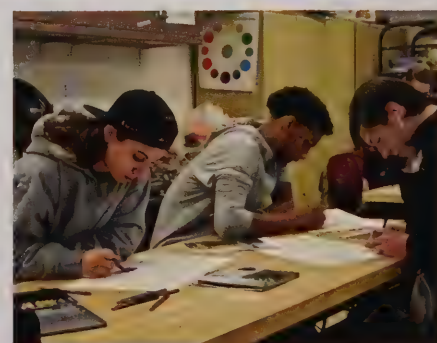

I like getting to express myself creatively.
- Amanda Thomas

Whether you're a seasoned painter or you just like to draw cartoons in your free time, the Art Club is for everyone. Some students use this time to create artworks that they wouldn't be able to at home, while for others, it gives them an extra opportunity to complete assignments for their art class. The club gives students access to a wide variety of supplies including paint, clay, and even printing. If you're in a drawing and painting class and would like more exposure to sculpture, art club is a perfect way to do that. Our amazing art teachers, Mrs. Florek, Ms. Waters, and Mrs. Decaro, along with fun music and fellow artsy students, make for an ideal environment for anyone to create amazing works of art. It is a space free of judgement and competition, with room only for opportunity, support, and creativity.

I've learned that everyone has different styles of art.

The whole team on the TV set!

Think Fast! Who was the only president in the United States who ran for three terms? What cafe do the characters of Friends all hang out at? Which NFL player has the most Super Bowl appearances? For the competitors of As Schools Match Wits, these questions are as easy as remembering the first three digits of pi. The As Schools Match Wits is a PBS-hosted trivia game show filled with different high school competitors, a game show that Agawam High School has been competing in for almost 50 years! A select few students who are members of this group get to be filmed competing with other schools on television to see who can get the most points. This year's "TV Team" members are Diana Kulmizev, Gwendolyn Payne, Mia DePalma, and Michael DiLullo. One of the members, Olivia Salva, says, "It's fun and you get to learn a lot of information that helps with everyday life." This extracurricular activity challenges the students to know facts in a variety of genres, testing their knowledge in ways you would not think is possible.

These students meet once a week on Tuesdays to get their groove on for the winter and spring concerts. They challenge themselves to learn music even though they only meet once a week. They serenade the audience with sass and showed that they have the capabilities to be amazing. This year they also learned some Japanese for a new song called "Ho Tarukoi!"

Some fun events that the club sponsors are trips to movie theaters, farms, and sporting events. They also hold bake sales, fundraisers, pumpkin painting sessions, and even karaoke. This club would not have been made possible without adviser Mr. Rumpalik, who was inspired by his son's involvement in the organization to start our school's own chapter. Joining Best Buddies is a great way to form meaningful relationships with people of all abilities.

CHESS CLUB

Andrew McCoy strategizes about his next move against Minnechaug opponent

Agawam High School's Chess Club meets Wednesdays after school in the library. The club has begun to compete against other schools, this year they faced Minnechaug Regional High School on March 13. The Chess Club also had a table set up during all the lunches with a bunch of chess boards to invite the peers to compete against one another in a friendly, fun competition. Competition like this helps the club members' skills grow. The club analyzes famous matches as a way to improve their game. Advisor Joe Lingres helps the members understand every move and which move is the best. The Chess Club invites their peers to come play a game in a casual environment as well as being able to compete at an expert level.

DRAMA CLUB

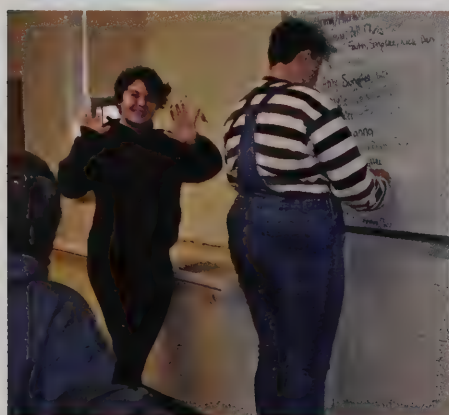

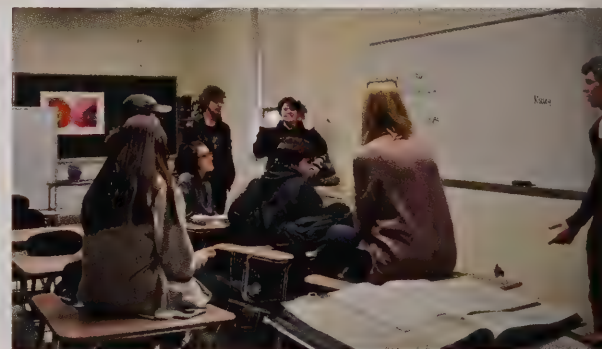

The Drama Club is getting ready for their winter play!

Adam Dabkowski is concentrating hard to help make a decision for the next spring play.

This dramatic group of students are thespians who are ready to wow an audience. Every year the Drama Club helps put on the fall/winter play and helps the school's play production class for the spring play. Together they work as a unit to perform plays for the student body and community. This year they performed in the Love of Three Oranges for the 2018 spring play, the Christmas Carol for their first winter play, and Till' Death Do Us Part for the 2019 spring play. It will also be the last year of plays for one of the club's advisers, Mrs. Vallon-Jackson. This year she is retiring from Agawam High School and for that the students of the Drama Club are deeply saddened. Mrs. Vallon-Jackson has put in two decades of work in the Drama Club, theatre classes, and plays at Agawam High School, and the student body, teachers, and administration are utterly grateful for the hard work she has put in. The Drama Club members are blessed to be working with such a talented teacher and she will be truly missed.

Chloe Robinson and Mika Sole are writing the parts they want to audition for in the next spring play.

Ear Candy is an audition-required acapela group that only allows a select number of students to join the group. They try to learn challenging pieces for the winter and spring concerts. This year they sang songs like "Danny Boy," "Bill Bailey Won't You Please Come Home," and "How Long." This group of students only meet once a week and are still able to learn challenging pieces for the concerts. They come together in ultimate harmony, all while singing without instruments! Even though they love to crack jokes in the middle of rehearsing, they are still very concentrated in their craft. Performing Arts clubs like these really allow students to open up. One of the members Justin Salva who is a senior says, "Ear Candy is a club that does something that people are not comfortable with, and yet it's beautiful, and built my self-esteem."

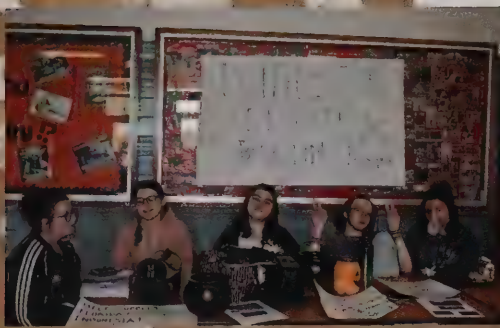

Olivia Salva says: "Being able to enjoy singing with others is a wonderful experience."

The Empowerment Club's motto is to empower and help others in need, because we all deserve a helping hand. Every year when a natural disaster wreaks havoc somewhere around the world, Empowerment Club is there to lend a helping hand by hosting a fundraiser and raising awareness. This year they raised money for disaster relief for the horrible hurricanes that struck both Florida and Indonesia, collected supplies and funds for the Ascentria Care Alliance, and are in the process of creating a Taste of Agawam cookbook full of unique recipes of local Agawam families. These students are driven to create a positive community for the school and town and ready to help people in need. They are working towards creating awareness to different kinds of injustices while provoking the conversation about different constraints on our society still going to create a more positive, open, and safe environment.

The Empowerment Club had a special guest speaker from West Springfield's Ascentria Care Alliance.

GSA stands for Gender Sexuality Alliance. It is an after-school group used as a community hub working together to create a safe space for students, where no matter what gender or sexuality you identify as you are welcomed into Agawam High School. This year they have made a new bulletin board for the club in the rotunda area. On the bulletin board gives you different factoids about the LGBTQ+ community and the different flags that help represent different identities and sexualities. They have also sold their anual candy/flower grams for Valentines Day, went on their true colors field trip, hosted the day of silence, and participated in this year's Northampton Pride Parade. The GSA is known for their tight-knit bonds with each other and is ready to open arms to any student who would like to join, all the while serving snacks in every meeting you attend.

INTER-GENERATIONAL BOOK CLUB

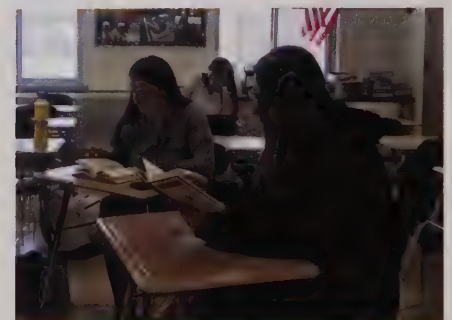

"I joined this book club because I really wanted to step up my reading game and express my passion for reading."
- Allison Leonard

The Inter-generational Book Club offers students who like reading a chance to find new books and new friends. The captivating books they read attract many faces to show up every Wednesday to discuss and engage their minds in the reading material. A popular favorite from the book club is "The Five People You Meet In Heaven" by Mitch Albom. Every week it is a new experience because there are always new chapters and topics to be discussed. Even going home and reading a couple pages a night is exciting for the club members making them anxious for Wednesday to come! This club is highly suggested for anyone who wants to open their mind and to anyone who has a strong love for reading!

MATH TEAM

A question that always pops up when the Math Team meets with each other is "Where are we going to eat?" according to Erin Dustin.

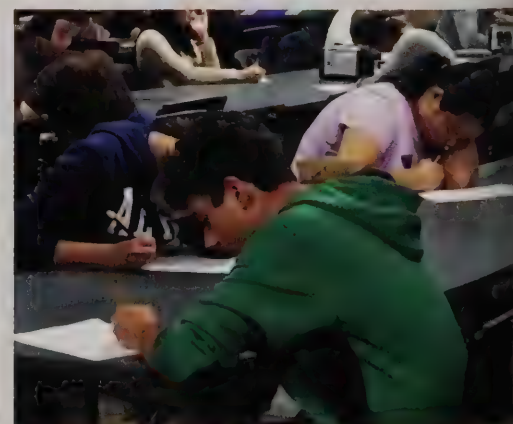

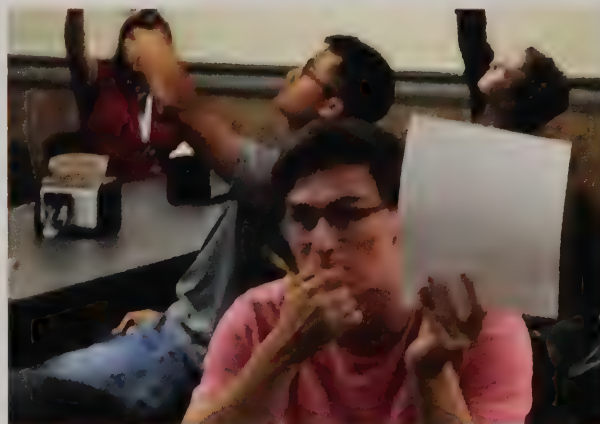

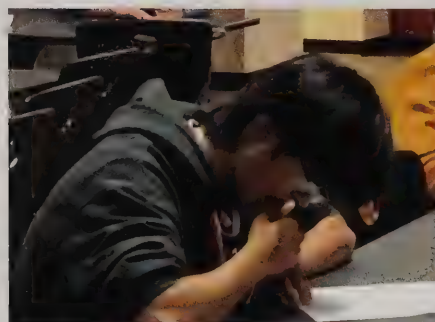

"Oh got it" is what Gwen Payne says when she answers a question correctly.

Math might be a subject where most students struggle, but the members of the Math Team just make it look plain easy. This team comes together and gathers knowledge so they can be put to the test... literally. Every meeting the team attends, there are three different rounds that relate to the certain math topic at hand. Each member gets a paper with three questions on it relating to the topic that they must answer. At the end of the individual round there is a group round. Erin Dustin, a member of the Math Team says it is "fun and a great way to practice math."

Members: Conor Begley, David Dagenais, Nicole Depergola, Erin Dustin, Christian Fisk, Timothy Goudreau, Dan Kang, Dorina Kodreanu, Diana Kulmizev, Joseph Lochiatto, Gwendolyn Payne, Jennifer Ritter, Michael Santore, Sara Sonsini, Amanda Woodford

Adviser: Mr. Ireland

The AHS Model Congress is not just your ordinary club of debating and political topics. Mr. Ireland and his team of delegates work to discuss political topics and understand current events happening in the world around us. Each year they are invited to the Model Congress Convention at American International College. This is where up to twelve members of their club debate against other schools. All of the schools that attend are unified and engaging in academics. Sophomore Joseph Goudreau and Senior Gwendolyn Payne both attended the Model Congress Convention this year and are also in the club because they both have a strong interest in politics. Model Congress may not sponsor any events at Agawam High but they make a difference by teaching others to be more educated about the government and make people more aware of what is happening in the news and the world.

They have prepared and are ready at the Model Congress Convention at American International College!

Members: Arianna Albano, Kimberly Beaver, Hannah Davydov, Erin Dustin, Katherine Dustin, Miranda Kamukala, Adam Krafcik, Madelyn Lapierre, Marissa Mansfield, Sarah Ross, Sara Sonsini, Lena Tedeschi

Adviser: Mr. Kandar

Peer-to-Peer Tutoring is all about helping out the Agawam High students with their classes and to make sure that they do better. This club helps better the environment of the school and can ensure that the students of AHS are getting the help they need in order to succeed. They have their own bulletin board and provide help for the students during the Independent Learning Time that was newly introduced to the school this year. Junior Arianna Albano said that she was passionate about the club because it "makes a difference in the students' grades and their lives." Peer-to-Peer Tutoring makes a difference by providing support where the students will be more comfortable with people they know rather than a stranger their parents are paying. With the help of the students, they can "attack a problem that they have" according to Senior Adam Krafcik. For anyone that needs help go ask Lord Kandar and the members of Peer-to-Peer Tutoring for a lesson in any subject you need and some candy too!

The members of Peer-to-Peer Tutoring are always ready for new and old faces to stop by!

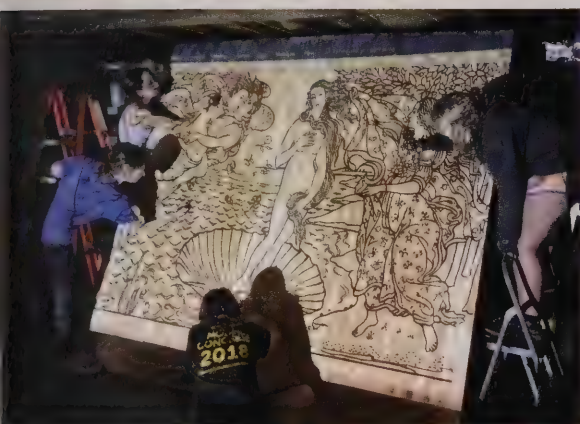

Stop by to see the tutors for some homework help and more importantly the delicious candy they offer with it!

PROM COMMITTEE

- Diana Kulmizev

"A part of the prom goes home with every person, which makes all the hard work worth it."
- Natalie Andrews

The Prom Committee each year has the thrilling responsibility of creating every aspect of the Junior-Senior prom imaginable. This year, the committee cleverly chose A Night at the Museum as the theme. Since the summer of 2018, this talented group of students has put countless hours of hard work towards designing and creating props with the goal of creating the most spectacular prom possible. Of course, none of this could ever be accomplished without the guidance and skills of committee adviser Mr. Trahan. Through team work and dedication, the Junior-Senior prom committee plans to make the 2019 prom even better than last year, a goal only they could make possible.

THE SACHEM YEARBOOK STAFF

Members: Jade Canney, Jenna Grasso, Meghan Haines, SungHee Lee, Vanni Morello, Brie Anna Pirro, Jasmine Pszczola, Kayla Shields

Adviser: Mrs. Weyant

The 2019 Sachem Staff is made up of eight hard working girls. They put their creative minds together to come up with a perfect theme. Sending a message to each and every person to "make your mark" this year. The yearbook staff simply just captured all of these moments. Fitting our theme we used our school colors to represent our brownie pride. The girls came together and made new friendships through the excitement they had to create this yearbook. The Seniors devoted so much of their time to this yearbook putting everything together to make sure it was represented the way we intended it to and having it look precise. Room 68 was always busy, the yearbook would not have been able to be accomplished if it wasn't for all these girl's hard-work and intelligence coming together and producing the yearbook. During periods D and G you could catch the yearbook staff walking the halls for interviews and candid opportunities. Each member had a say in how they wanted our yearbook to look. Thank you so much to all these girls and Mrs. Weyant for dedicating their time to make the yearbook amazing.

Brownies give [OUR] BEST

One of the best ways that Agawam knows how to spread school pride is through athletics. From having fans cheering at the football and hockey games to singing along to their favorite songs travelling to away games,

Agawam athletes are always determined to get the win. From the first day of the season to the last minute of every game, Agawam always puts forth their best efforts. Last spring, Agawam's girls' tennis, softball, girls' lacrosse and boys' volleyball headed to the Western Mass playoffs. While this fall and winter, girls' soccer, field hockey, cross country, gymnastics, and girls' basketball played for Western Mass Championships. Also in the fall, our golf team became the 2019 Western Mass Champlons. Being a student athlete at Agawam High shows the students' dedication to their team and a way to leave their mark.

Agawam Baseball had a tough season this year with a record of 8-12, but the boys did not let that get in the way of making a memorable year. Depending on who you ask, you'll get different explanations to what caused this rough start, but the boys had a sudden winning streak. So, what changed? "We stopped playing like we were scared," explains Collin Pelchat. They began to connect better on the field, "Finally, something clicked," said Steve Grasso.

Tommy Grenier hit a walk off in their game against Northampton. This became the talk of the school and the boys celebrated this big win together. The boys worked hard this season with two hour practices filled with hitting, fielding ground balls, and working on the mental parts of the game. When walking into the boy's locker room you could expect to see the team playing Fortnite and sometimes even dancing. The team would also bond at pasta parties to prepare for their game the following day.

Agawam Boys' Lacrosse has always been a true team sport but this year, instead of a team, our lacrosse players became one very close-knit family, from varsity to junior varsity players and of course, the coaches. There was never a game where you didn't hear our team on the sidelines cheering on the players on the field. Being closer than ever, the seniors gave our underclassmen someone to look up to and strive to be like, to keep the team so close in the coming years. Not one of our players was ever in the game for themselves and no matter the score, the teammates always looked out for one another. Our coaches connected with each player by putting them into the game to showcase their strengths, and devoting time at practice to strengthen a weakness. Aside from that, they know when to have fun and let loose on each player. This year our lacrosse team has had an outstanding bond and perfect understanding of teamwork and determination.

Agawam Girls' Lacrosse is a force to be reckoned with, these unstoppable girls showed Western Mass the true extent of their skill and determination this spring. Lead by head coach Carla Lemnah-Warner and assistants Rebecca Pescitelli and Angela Grassetti, the varsity squad dominated all the way to the season's end with a record monopolized by a staggering number of wins. On and off the field the team has been a close family leading them to have a great season. The girls say they look forward to eating oranges during halftimes and compete to see who can eat the most. They have had tough competition with Longmeadow and Minnechaug throughout the years. This year the girls beat Chaug in the middle of their season, but ended with a heartbreaking loss in playoffs. They plan to continue their hard work and dedication into next season.

The Agawam Girls' Softball team worked intensively this season to make playoffs again! They had an outstanding season with great memories. One of the most memorable highlights mentioned by many teammates was their game against Northampton, one of the league's top teams, which ended with an 8-6 win after extra innings. The girls are not just a team to each other, they are a family who have learned to trust one another. The team had bonded through pasta parties as the season had evolved, which helped with the success they had. The girls put up a tough battle this season to make it into the Western Mass playoffs. Their season ended after playing hard against West Springfield in the Western Mass Quarter-Finals. Next season the team is going to have to work just as hard to continue the greatness they have achieved over the past years.

Even though the Agawam Boys' Tennis team did not win much when it came to playing this year, they definitely won when it came to being together and having great team members. During the spring season for 2018, the team consisted of fourteen players with eleven of them being seniors. Every teammate had great skills, even those playing competitively for the first time. Tennis is all about keeping your emotions in control, and Junior Zachary Quick said that tennis is a mental game more than a physical one and you have to keep a cool head. By keeping a cool head and your mind focused on the game not your emotions, the boys would be able to avoid hitting a home run over the court's fence into Cooper Street. Many players started to play tennis in order to relieve stress and to have a sport to participate in while winding down to summer. The boys in the 2019 season are going to need to work hard and recruit some new players to join the mental sport that is tennis.

The 2018 season for Agawam Girl's Tennis has been one of the most successful and exciting in years! The girls put up a tough fight in all their matches, achieving wins against Ludlow, Northampton, and Chicopee Comp, which are teams that they have lost to in the past. A highlight of the season was against Ludlow when the game was postponed halfway through the match while Agawam was locking in the win. The next day, the girls continued the match and won 3-2. By the end of the season, the team had improved and came out with a 12-5 record, the best record the team has acquired since 2013! Game and game the team prevailed and gained confidence. Since the girls had won 12 matches during their season, they made it to the Western Mass playoffs. The team made it all the way to the Semi-finals against Longmeadow and achieved the title of Valley League Champions! The future members of the Agawam Girls' Tennis team have big shoes to fill in hope to create another great legacy.

Agawam Boys' Track and Field, win or lose, always had the best attitude towards the sport they loved. Although the season wasn't as successful as they wished it to be, the boys still bonded better than ever and created life long memories that they will have forever. The team never let a loss tear them apart, each player keeps pushing to be better because of the support of their teammates. Captain Tylor Goodell, led the team to not only two great wins, but also a team full of happiness continuing to pull through the track and field season. Tylor also adds how proud he is of the boys for keeping their heads up through the tough season and never losing sight of what being a team means. The team will never forget their win against Amherst, a close call with a score of 60-59. Our team now spends time getting ready for next season to bring home a few more wins.

Myles Pires, stands by watching and rooting for his team in each event during his first year of track.

Captains Jason Beaver, Tylor Goodell, and Adam Krafcik plan for a great season.

Agawam Girls' Track and Field season was a quick one for our girls. Although our team didn't have the season that they had hoped for, they still all worked hard giving it their all. The girls managed to work diligently on improving their skills and also work on developing new ones for upcoming seasons. The team bonded greatly throughout the season, making new friendships that will be remembered through the rest of their high school experience. Many girls have stated how a memorable moment for the team was the amazing Steele Relays at the meet in West Springfield on April 28. The season had a very sad ending, especially saying goodbye to our beloved seniors, but the seniors wish the best of luck to the team and they hope that they strive to be the best. Our team hopes for a better season next year but still enjoyed this season immensely.

Agawam Boys' Volleyball, returning Western Mass finalists, started out strong with a win at their first match against Belchertown. It was a 3-0 shutout locking in the team's first win of the season with many more to come. "Communication is key," Teal Savoury says, as many other senior players will agree; Kyle Ma states the "family comes first" along with Shaun Mateus, Ben Vyce and Joe Hendrickson. If it's anything volleyball has taught them, is that if you're closer as a team, it's more fun and enjoyable. A memorable moment for all these players would be the "Justin Strong" game for their fellow teammate Justin Lingenberg. Throughout the season the team played with a "never give up attitude," says Justin. Together as a team, they played a game including Justin himself, to help raise funds for his treatment.

The charisma and chemistry the team has influenced their team greatly, although there is just one team that keeps them on their toes; Westfield. A rivalry that the two teams have had for years, clinching Western Mass titles back and forth. However, with great leadership by their captains, Ben Vyce and Shaun Mateus and their Head Coach Pender, anything is possible. Playoffs were a tough battle winning the quarter finals and semifinals and eventually losing to Westfield. Ivan Korotich says, "we're going to get them next year."

This was a great season for the Boys' Cross Country team. Although they had as many losses as wins, they also had the drive and the determination to come back stronger than last season, and they focused on their victories above all else. One big victory for this team is making it to Western Mass, which trumps any small setback. Being on this team not only means showing up and putting on your running shoes, but spending the miles with such a tight-knit team. Things like pasta parties and team practices contribute to their strong sense of family through the good and bad times. Captains Jason Beaver and Joshua Conway helped to make sure this was a season to remember. In the end, the boys claimed four big victories against East Longmeadow, Southwick, Sci-Tech, and Renaissance. It was undoubtedly a season of growth, grit, and greatness.

Out of all of the Girls' Cross Country seasons in recent years, this is the one to remember. For the second year in a row, this team stands undefeated and rightfully held their place at Western Mass and even states. Through hard work and untouchable confidence, the team continues to improve year after year. Like the boys' team, these girls have an unbelievable sense of teamwork and family. They take every opportunity - bus rides to away meets, pasta parties, and daily practices - to bond and grow together. Captains Erin Dustin and Sara Sonsini did an amazing job of building this team up to be the best that they could be. A significant victory of this season was winning the Duck races, which was a win over not just one but multiple teams. The future of the Girls' Cross Country Team is undeniably a bright one.

The Agawam Field Hockey Team had a great season with a 12-6-2 record as well as making it to the WMASS Semi-Finals. Captain, Nina Cipriani says "We started from the bottom now we're here," because of how far we have come this season to tie Longmeadow and come close to beating them in WMASS playoffs. They fought long and hard all season with determination and improved every day through practice, scrimmages, and motivating one another to be the best they can be. The girls had a great bond through team talks and pasta parties, which helped them get closer and discover that they share the same desire to play the game they all love. They are so proud of their accomplishments this season, and the underclassmen are ready to step up and fill the roles of the seven seniors graduating.

Although the Agawam Football Team did not strive statistically during 2018 they sure proved how much effort they were willing to put into their season and showed everyone that the Agawam Football Team does not give up. The team also expressed how they were still closer than ever throughout the season and practically considered each other family when interviewed. The team learned that the score is not the most important part of a football game but how the team work and personal accomplishments within the team are what really mattered. Something else that truly showed respect of the team was that they continued to pick each other up game after game bringing them even closer. Seeing how close the team became they spent lots of time bonding doing things such as "chillin in the locker room" says Nick Stacy. Overall the Agawam Football Team learned a lot from their previous season and are preparing to come back even stronger in 2019!

Our Agawam High School Fall Cheerleading team could not have had a better season to really do their jobs. With some tough games for our football players, the cheerleaders had to keep brightening the Brownie spirit in the crowd and on the field, despite the scoreboard. The cheerleaders kept cheering on our football team every Friday night, whether it was freezing cold or pouring rain, you could count on the Brownie cheerleaders to keep the spirit alive at each game. Dedication their time, our cheerleaders also put together an excellent routine for pep rally that kept the fans hyped and full of spirit. Their flips, tricks, and stunts wowed the crowd and kept them on their feet. Saying goodbye to the sidelines wasn't easy for our seniors, Mariangelie Beaudry, Faith Olbrych, Sarah Fortier and Vanni Morello, but they wish the team the best of luck for next season and want to remind them to never lose sight of what really matters because it goes by fast.

This year the Agawam Golf team made it very clear how important the sport is to them. It takes focus, persistence, and dedication in order to get the perfect swing. It was shown that this team always gives it their all and not only for themselves but as a team. Together they support and motivate each other at both matches and practice. Michael Santore says, "No matter how bad it goes you always have another chance to finish strong." It is important to the team that they never give up no matter how hard it gets. The players practiced every day for long hours perfecting their techniques always striving for their greatest potential. For fun they enjoyed pasta parties and playing "hype-up" music on the bus to away matches. In the end so many goals were achieved as a team and individually. Everyone was able to improve this season, which lead them to winning Western Mass beating Longmeadow by one stroke and sending them to States.

The Agawam Gymnastics Team held their own this year. Starting off strong with a win in second place the girls took that energy and persevere throughout the season. There were some ups and downs losing constantly to Minnechaug and Westfield, but they didn't let that deter them, leading them to beat Chicopee Comp at 3 meets. This year the team had a bond like no other. They spent time doing outside activities together going to Zumba and having team pasta parties. This year was also a big year of improvement and steady ambition as Kristen Langevin and Ruby Chenevert say "We were always learning new things." There were so many memorable moments this season. Mia Dilullo placed 1st on floor at WMASS. Ruby Chenevert placed 1st all around at a home meet. Olivia Rising competed beam and bars for the first time, Juliet got her low bar kip, Kristen Langevin got her first 8 on vault, and Amy Crawford competed for the first time after being injured for most of the time on the team. This season taught the girls the importance of a team and how much hard work pays off in the end.

The Agawam Boys' Soccer team had a hard-working season with a record of 7-9-2. They were able to beat rivals West Side, both times they played them, which was a huge accomplishment for the team. Their chemistry came from their equal love of soccer and the tenacity to play the sport they all enjoy. They bonded from pasta parties, going out to dinner, and spending almost every day together whether it was at practice or during the games. For the seniors it was their last year and they were sad to see it go by so quickly. They worked so hard from the first day of tryouts all the way to their last game. They fought long and hard all season to make it to the playoffs, but unfortunately not everything worked in their favor and they were just shy of stepping foot into the playoff season. They had a great season and their hard work showed.

Eleni Mastromatteo says, "We grew as one as the season progressed," in her response to how she thought the season evolved. They lost to Northampton in the beginning of the season but were able to come back and beat them in the Western Mass quarter finals. The girls worked hard this season and put up a fight for every game they played. At times they were looked at as the underdogs but were able to give their opponents a hard fight to the finish every time. They made it quite far in their season, but sadly lost in the Western Mass semi-finals to Minnechaug 1-0 in overtime. They had a great season and were able to have lots of fun within their tight-knit group of teammates.

Agawam Girls' Volleyball had a tough season, but never hung their heads low. The girls always had a positive attitude to any outcome of the game. With only two seniors this year, Alexandra Humphries and Sarah Ehresman along with junior caption Rhiannon Hodovanec they lead the team to become close and encouraged their teammates to improve their skills. The girls bonded over countless pasta parties, singing songs on the bus rides home, and supporting other fall sports by attending games. They had several themed practices where they wore fun socks, twined with another team member, wore neon colors, and competed in a small tournament representing countries and their colors. Brianna Benjamin said, "all of the team members developed their skills and new friendships this year, which will help the team going into next year." The girls finished off their season strong with a huge comeback on Senior Night, they were down 2-0 against West Springfield and came back to win 3 sets in a row, pulling off the win for the two seniors on their last home game.

Unified Basketball is Agawam High School's first Unified Sports team. This inclusive sport's program unites Special Olympic athletes and peers as teammates for training and competition. Agawam High School's first year with a Unified Basketball team was a huge success! The team was embraced and welcomed at every game. The team began their season off with five athletes and by the end of their short season, proudly grew to nine athletes of all abilities. This team really changes the way you view yourself and others, and helps you appreciate people's differences. The most memorable event according to Devin Nieves was their home game at AHS, "It was an opportunity for the students to see how this team functions and it made the team so happy being able to play for everyone in school." Devin says hopefully over the coming years, the school will "keep this going and soon have unified sport teams for all the different sports provided by the school."

Daisy Guzman says Unified Basketball was "A very good experience, especially if you have no previous experience in playing sports. You get to work at your own pace."

The Agawam Brownies, once again, had a rough season for our basketball boys, but that didn't stop them from loving the sport and sharing time on the court. Basketball is a game where the whole team has to play together to succeed and although many teams struggle with that notion, the Brownies are not one of them. They work together during their practices and during the quality time together off the court; whether it's fooling around at the courts or getting serious for game time. Captain, Zachary Moccio says "I am so proud of how the team bonds and works well together and I am looking forward to continuing to improve with the squad." Although the team is proud of the 2018-19 season, they look forward to flourishing in upcoming seasons. Despite their excitement, the Brownies are very sad to lose their two seniors Jared Durocher and Brandon Smith. The team wishes them both the best. The Brownies look forward to improvement and upcoming seasons.

The winter is busy season for the Agawam Brownie cheerleaders. With both basketball games to cheer at and competitions to prepare for our cheerleaders do not have any time to spare. The cheerleaders love watching and cheering on our basketball boys even when the opposing team gets a little too rowdy. Showing our spirit is what we do best and each and every game is so much fun. In between the basketball games, our cheerleaders go through extensive and exhausting practices to prepare for our winter competitions. All the hard work pays off with our results at competitions. This year, a great memory that our team will not forget would be scoring an 82.9 at the competition at Holyoke High School winning a third place trophy. It was a moment nobody will forget.

Saying goodbye to our seniors Vanni Morello and Maddie Provencher was very hard for our team but we wish them the best in the following chapters in their life.

Girls' Basketball fought hard and long to be the only winter team to make it to playoffs. They went 10-11 in their season and had to overcome very many obstacles to get them as far as they did for the season. They had a close-knit bond among the team which helped them motivate and push each other to be the best they can be. They had tough losses throughout the season but that never made them give up, they kept fighting all the way to the end. The game that determined whether they were in playoffs was their Senior Night game against Hampshire. They were losing by 3 points at the start of the third quarter and were able to turn it around and score 21 points in the fourth quarter and come out with an 11 point win, 52-42. The season ended in quarter playoffs at Chicopee Comp with a heartbreaking lose, 59-37 but they were proud with how far they made it. The seniors upset that it would be their last time all playing together could all agree they had a last good run. The underclassmen will miss the seniors but are ready to step up and fill their shoes for a successful season next year.

Every year when hockey season comes around there is nothing but drive and dedication displayed by all the players. Although the team only won three games they showed how hard they worked and proved they were not going to give up beating Chicopee Comp 4-2 during one of their final games of the season. This game is not just a sport to these boys, but it is a bond they have created amongst each other to be able to display such chemistry in their teamwork. Captain Andrew Sullivan says, "I feel like our season evolved by us all growing together as a team." The statistics of the 2018-2019 season did not have much affect on the team because they have learned the score is not what matters, but never giving up and working as hard as you possibly can together is what is most important to having a memorable season. Some memories the team has created together are times such as "pasta parties on days before games and playing pond puck together," says Dylan Slicch. Next year the team hopes to work even harder to have a chance at making it to TD Garden!

Although the boys did not have the best season, they persisted nevertheless. The results were never their main focus, only participating in the events to the best of their ability. The team all continued to keep up their high spirits and love of each and every event despite any results that came out of the track meets. Many team members feel that even though the sport is very individual, having teammates to share the experience with makes them all so much more fun. The seniors this year, Anan Daniels, Joseph Dowd, Adam Krafcik, Devin Nieves, and Noah Rivera, wish the best to the team they are leaving behind but will never forget their time on the Agawam Indoor Boys' Track team. The underclassmen wish them the best and will miss them in coming seasons. The boys were a family with an excellent bond making the sport fun for everyone. Their number of wins never was a big deal to the team, all that mattered was that they were all having fun together.

The girls' track team had an excellent season with a record of 9-4. The team really excelled this season in creating a warm and welcoming home for new track team members and keeping a good vibe to continue their winnings. Many team members stated that a lesson they learned from the season was to never give up and it will end in the best results. Track is not an easy sport to master but the Agawam Girls' Indoor Track team had a very good understanding of what they had to do to get to the top tier and take home plenty of wins. With the end of the season comes saying goodbye to the seniors, which is always so difficult with a team as close as our track team. The underclassmen wish their seniors the best of luck in their journeys and in return the seniors wish their team the best of luck in upcoming seasons.

This season the boys' ski team was all about determination and teamwork. Their scores were stellar and the team worked hard to get there. They practiced long hours to perfect their techniques and learn from each other to improve their races. They had a rough start to their season but turned it around at their third race getting 3rd place for the next three races. This group is very team-oriented and work to a common goal while having some fun at the same time. Zachary Quick says, "wipeouts are always memorable for me. They hurt but teach me things I can fix." They all make a lot of memories on the mountain but also do things off the slopes to bond, such as going out to lunch and dinner together. One of their favorite meets to participate in is individual's day. The best times that day came from Jacob Bode in 27th place, Jakob Lanski in 33rd, and Nicholas Charest in 44th. Their season was beyond compare and team's sad to have to say goodbye to the eight graduating seniors. The remaining member cannot wait for next season to come to improve even more!

The girls' ski season was full of exciting memories, and everyone was able to improve on something new. The team is very determined and focus on the excitement of going down the mountain. Everyone agrees that the team has improved with practice and it shows. The team placed 3rd at one of their races and 4th at three others. Two of the girls made it to Western Mass; Hannah Richter and Alia Godek! Teamwork is very important to this group of girls and they do things outside of practice and races to bond. They get wings, have pizza and pasta parties, and jam out to loud music on the bus rides to the mountain. Skiing is competitive, but the girls make sure to fit in some fun. The seniors this year are sad to leave, but the team has been very supportive to make sure everyone had a good season! This sport is about speed, adrenaline, and just having fun in the snow! The team uses that motivation to keep a positive attitude through the cold winter months.

Agawam Boys' Varsity Swimming and Diving has expanded their team this past season. They now compete with grade eight through twelve on the team. They ended the season with six wins. The boys had very close meets this year and worked hard the whole season. From relays to single events the boys worked hard when facing some of the toughest teams in Western Mass; Minnechaug, Longmeadow, and Westfield. These guys push themselves to the limit during every race trying to set personal records. They bonded over pasta parties and on bus rides home. Chase Gentile said the swimming team is "very respectful and very trustworthy." The boys' and girls' swimming team both practice at the Agawam Junior High School and spend lots of time in and out of the pool together. The swimming and diving team has so much energy and excitement and constantly cheer for one another from the pool deck. After a swim meet is over, captain Andrew Snow chooses the "swimmer of the meet."

Wrestling had a great season but had a rough beginning with a lot of injuries early on. They went 4-1 in their season and fought hard, never giving up. The team was a close-knit group of kids, whether it be always hanging out at Harrison's house, going out on Fridays and just going everywhere together in general. Most of them started off young and inexperienced but as the season went on they improved immensely and began to get very good. Wrestling is very different from other sports from the physicality of it to the mental toughness you need to prepare yourself for the match. This team gave this sport their everything, from motivating and pushing each other to be the best they can be in practice and being able to display it on the mat. Dom Ledoux, Dylan Beddow, and Antonio Ramos worked hard to win Western Mass and also were able to make it into the New England Tournament.

"We become very close drilling together in practice. We motivate and push ourselves to become better." - Tommy Caracciolo

The referee raises Tom Caracciolo's hand at the end of a match to display his victory.

Wrestling is nothing like other sports. It challenges you in other ways.
- Antonio Ramos

Aidan Callahan pins his opponent down onto the mat.

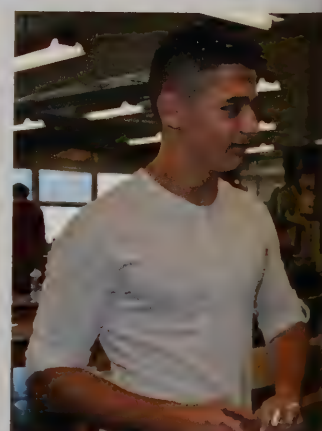

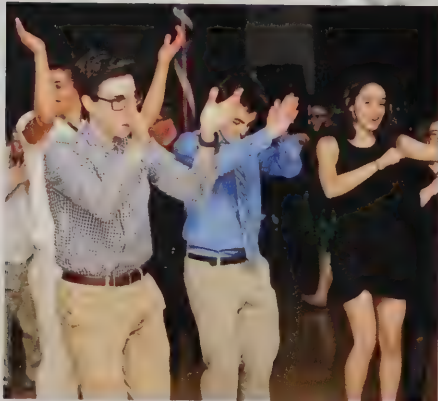

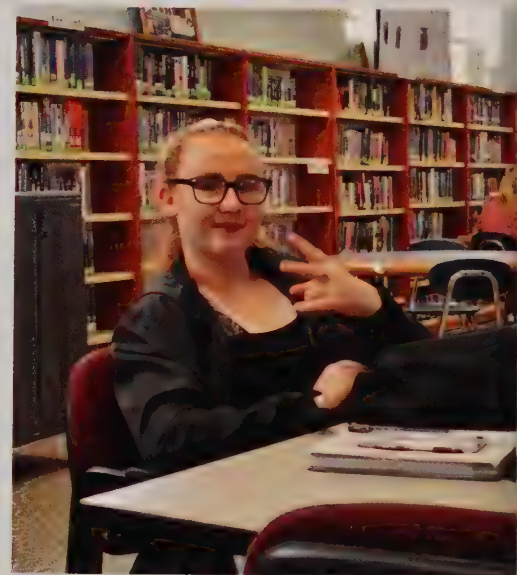

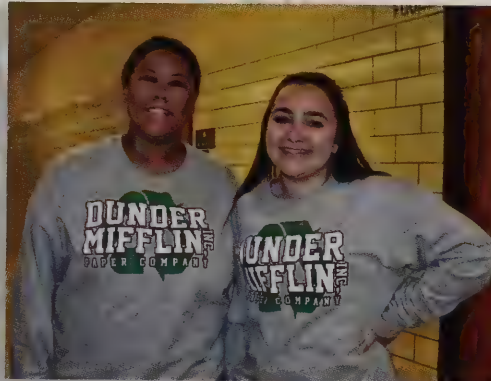

Myles Pires wrestles his opponent, getting the advantage by pinning him to the mat.

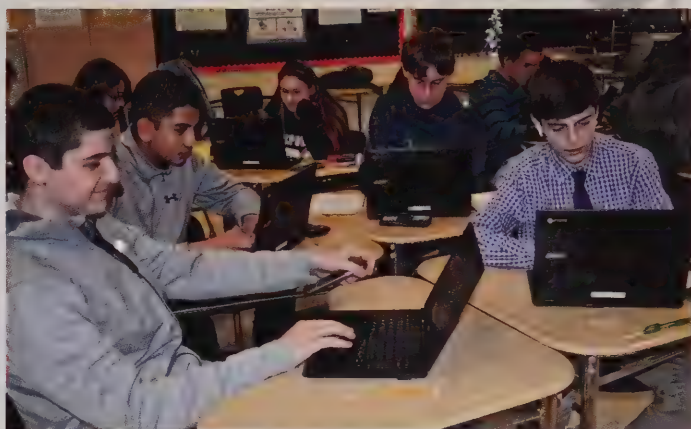

"Don't be overconfident and think you're going to win."
- Dom Ledoux

"May the good Lord be with you down every road you roam.
And may sunshine and happiness surround you when you're far from home.
And may you grow to be proud, dignified, and true.
And do unto others as you would have done to you.
Be courageous and be brave.

May good fortune be with you, may your guiding light be strong.
Build a stairway to heaven and know right where you belong.
And may you never love in vain.
And in our hearts you will remain forever young.

And when you finally fly away, we'll be hoping that we served you well.
For all the wisdom of a lifetime, no one can every tell.
But whatever road you choose, we're right behind you win or lose,
Forever young." ~ Rod Stewart

Seniors! Graduating! Well that happened fast. We've had a lot of adventures together: from Rock the Mall in D.C. to the Herkimer Diamond Mines, from Medieval Maidens at the Higgins Armory to the Bronx Zoo. Now you are about to embark on a new adventure on your own and it's okay to be nervous. Remember walking to the latrines at Camp Bonnie Brae at night? I would tell you girls not to worry, that I was scarier than anything else in the woods. Truthfully, I was scared half to death that we would get eaten by a bear, but I couldn't let you know that. You girls believed me and eventually I believed it too! So go out into the world and live. Take risks and try new things. Life is never quite what you thought you signed up for. But those new things may lead you to find strengths that you never knew you had, or they may have you shaking your head and saying "lovely" a lot. And ladies, remember: Story time is like Vegas, what happens there, stays there.

Stanley Nieves

On June 21, 2002, "Stan the Man," wobbled into our lives. Your curly blond hair and special smile instantly captured our hearts. Cookie Monster aptly describes your midnight visits to the snack drawer. So many soccer games and practices, getting up at the crack of dawn and logging a gazillion miles in the van, including having to smell those nasty cleats. We enjoyed watching you speed around the field doing those fancy moves and stealing the ball away from other players. Volleyball has been your greatest passion the past four years and that too has been exciting watching you work your magic. You still have that little skip in your run. We are proud of the man you have become and wish you luck and hope your goals for the future are successfully accomplished. Family forever.

Love you to the moon and back,
Denise and Holly

AUTOGRAHS

appreciate Y[OUR] SUPPORT

The first and most important "thank you" we need to give for the creation of this year's yearbook, like many others in the past, is Mrs. Weyant. Without her dedication and the time she puts in helping to create the yearbook, the whole process would fall apart. She was with the yearbook staff, through and through, in helping to create the yearbook. Whenever a yearbook staff member was stuck struggling using the Lifetouch website, she would help us with a drop of hat so things will run smoothly. She spent many long hours helping create the yearbook, and for that the Sachem is utterly grateful for her efforts supporting us in every step of the way. We absolutely would not have been able to do it without her, so again, Mrs. Weyant Thank You.

Thank you to Mrs. Debbie Cohen from Lifetouch Publishing for being able to bring the yearbook theme to life and sticking with us when we had to adjust the yearbook theme to make it look just right. Without her support, the yearbook would not have been able to look the way it does.

Thank you to the staff of G&B Photography for taking many of the wonderful pictures within the yearbook. G&B Photography captured many amazing moments of the special events and sporting events with awesome photos.

Thank you to Mrs. Couture, Mrs. Roberts, and Mrs. Barrows, the secretaries in the main office. They were so cooperative with us when we needed to find a student to interview or take their photo. If we had any questions at all, we could always go to the main office and find an answer. They always welcomed us with a smile when we had to deliver mail to the teachers' mailboxes. Thank you so much we could not have done the yearbook without your help!

We would also like to give a huge thank you to Mr. Stratton and Mrs. Drake in the athletic office for helping us while we worked on the sports section of the yearbook. They were generous enough to give us help when we needed team rosters and scores from any game.

Thank you to all the local businesses, parent associations, booster clubs, and families. that purchased ads for our yearbook. Your support helped keep the cost of the yearbook low for all students.

And finally, thank you to all the students and staff of Agawam High who allowed us to take pictures and conduct interviews in order to make the book unique to this year. Without all of you, the yearbook would not be nearly as great!

2018 IS HOTTEST ON RECORD

Countries across the globe experienced unusually high summer temperatures. Asia was the hardest hit, along with northern Europe, the U.S. and Canada—which recorded temperatures similar to the Middle East or Africa. Even the Arctic Circle didn't escape the heat, with dozens of wildfires in the region. Nuclear plants had to scale back energy production or shut down entirely to prevent reactors from overheating.

SAVE THE BEES

Bees play an essential role in our ecosystem but sadly, their population has been in a constant decline since the late 90s. One of the reasons for this is the use of harmful pesticides in industrial agriculture. Canada has taken the first steps to protect the bees by phasing out certain outdoor pesticides that are linked to killing the bee population. This change is expected to happen by 2021.
